Re : Tamarac Chamber Holiday Awards Gala

My name is Peter Mason Executive Director of the Greater Tamarac Chamber of Commerce. I had an absolutely wonderful experience with “The Wolfepak” band. From start to finish I was very impressed with the customer service, professionalism and most important final product.

The band was a huge hit with my audience who complimented me in large numbers.

The whole experience was an enjoyable one, if you are considering hiring this band please feel free to contact me I have plenty of words of encouragement for a group of people who went above and beyond with exemplary attitude in challenging inclement weather conditions during set up.

Without any hesitation I would re hire the “The Wolfepak” band and recommend them as your entertainment.

Sincerely,

Peter Mason

Peter Mason
